

Price list TransMIT - Zentrum für Vakuumtechnik 2025

Vacuum gauges acc. to DIN ISO 3567:2015*	Measurement range	DAkks-accredited calibration with	Factory calibration with certificate
Cold cathode-, Hot cathode vacuum gauges	10 ⁻⁶ mbar to 10 ⁻² mbar	397 €	264 €
Thermal conductive vacuum gauges	10 ⁻³ mbar to 1000 mbar	397 €	264 €
Full range combi gauges	10 ⁻⁶ mbar to 1000 mbar	572 €	no longer available
Capacitive or piezo gauges	3 decades downwards from full scale	397 €	264 €
Capacitive high precision gauges		470 €	no longer available

* Informations in accordance to other standards could be found in the annex of our DAkks accreditation certificate

Test leaks acc. to DIN EN ISO 20486:2018	Measurement range	DAkks-accredited calibration with	Factory calibration with certificate
Helium test leak into vacuum	3·10 ⁻⁸ mbar l/s to 3·10 ⁻⁴ mbar l/s	493 €	255 €
Helium test leak with fore pressure into vacuum	3·10 ⁻⁸ mbar l/s to 3·10 ⁻⁴ mbar l/s	493 € + 247 € each additional measurement point	255 € + 125 € each additional measurement point
	10 ⁻¹⁰ mbar l/s to 5·10 ⁻⁴ mbar l/s		
Testleak against atmosphere	1·10 ⁻⁶ mbar l/s to 1·10 ⁻³ mbar l/s		255 €

Sniffing leak detectors	Measurement range	Factory calibration with certificate
Helium leak sniffer (GasCheck) acc. to DIN EN 13185	0,001 ml/s to 0,1 ml/s	255 €
Refrigerant leak detector acc. to DIN EN 14624:2020	approx. 5,1 g/a R134a equivalent	204 €

Miscellaneous calibrations	Factory calibration with certificate
Pressure ratio	418 €
Mass flow meter/controller <i>ambient air, 6 measurement points</i>	255 €
<i>11 measurement points</i>	370 €
Pumping speed vacuum pump	1500 €

Servicearbeiten	
Filling of test leak with He 5.0	50 €
Exchange of helium gas cartridge 12 bar	70 €
Additional voltage recording	94 €
Measurement of an additional decade	
Additional certificate in English or French	30 €
Service working hour	94 €
Check of calibration ability	110 €
Device rental (DAkks calibrated)	138 €
